Fun CV — you are here

Boring CV · page 5 ↓

Product Designer.

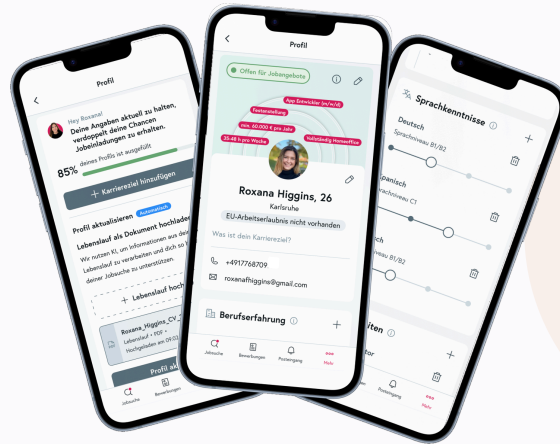

Candidate-side flows for two recruiting platforms, and a coaching product built from nothing.

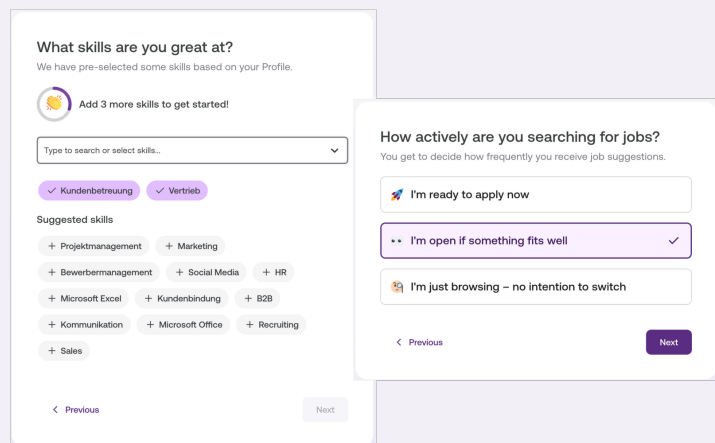

Application flow & candidate profile

Rebuilt the multi-step application to cut drop-off, and launched the profile page.

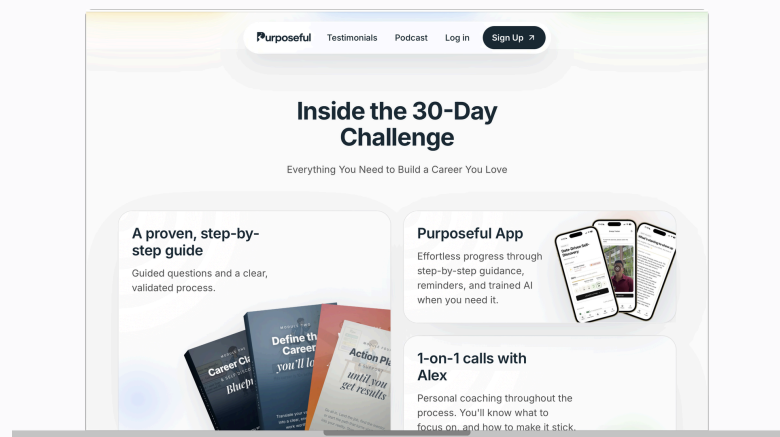

Onboarding & skills matching

Rebuilt onboarding around skills and job-search intent, tested with real users.

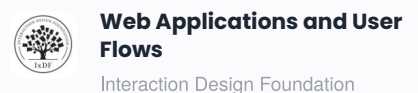

Coaching product, end to end

Designed the whole journey, from onboarding to outcomes, and the exercises inside it.

CERTIFICATIONS

UX Researcher.

Seven months contracted to Germany's national public broadcaster. This is how I run a study.

01 • DESIGN

Turn the question into a plan

Decide what to test and which method actually answers it.

02 • RUN

Recruit and test

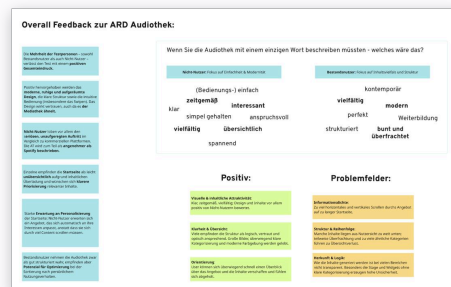

Real users and people who have never touched the product.

03 • ANALYSE

Make it digestible

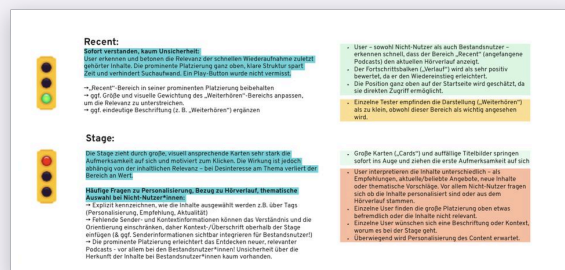

Group what people said and did so the team sees the pattern.

04 • RECOMMEND

Decisions, not a report

Every finding with a specific design fix, because I recommend as a designer.

Web Designer & No-Code Developer.

Brand, copy, design and build, all by me. Every site below is live and every client is still a client.

WELLNESS

Holistic Breathwork

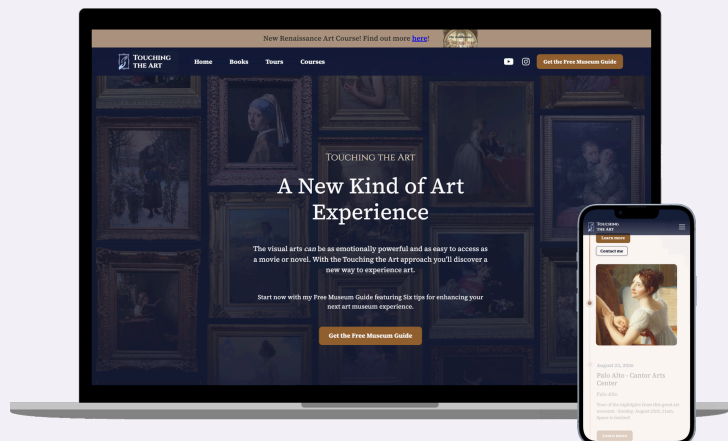

Brand and voice from scratch. A site that fills workshops and retreats, run by the studio itself.

EDUCATION

Touching The Art

Three businesses on one site. A free guide captures the email, then books, tours and courses sell.

COACHING

Nico Smat

One page, one action: a booked call. Enquiries start in WhatsApp, every step spelled out.

Roxana Higgins

Product Designer | UX Research | Web & No-Code

Five years designing research-driven, high-converting experiences across SaaS platforms and branded websites. I run the research that decides a design, and I build the websites that carry it, brand and copy included.

EXPERIENCE

UX/UI Designer & Webflow Developer

Independent

Nov 2023 – present | Berlin, remote

Design and build websites end to end for small consumer brands, from positioning and copy to a live site the client runs alone.

Clients: **Holistic Breathwork**, **Touching The Art**, **Nico Smat**. All live, all ongoing.

User Experience Researcher

pub.tech — Public Value Technologies

Jul 2025 – Jan 2026 | 7 months, remote, contract

Ran usability research end to end for the product teams behind the ARD Audiothek, testing a redesigned homepage with real listeners before engineering built it and presenting the fixes to stakeholders.

Client

Lead Designer & Co-Founder

Purposeful — career coaching product

Nov 2023 – present | remote

Designed a career coaching product from scratch, mapping the journey from onboarding to outcomes and building the exercises inside it.

Product Designer

Instaffo

Feb 2024 – Jun 2024 | remote, contract

Rebuilt the onboarding and application flow of a job platform to cut drop-off, working from usability tests and session recordings.

Product Designer

Workwise

Feb 2022 – Nov 2023 | 1 year 10 months, Karlsruhe, hybrid

Led UX research and design for the candidate side of a recruiting platform, rebuilding the application flow and the candidate profile page; promoted in May 2023.

Web Designer

Freelance

Sep 2021 – Feb 2022 | 6 months, Heidelberg

Designed and delivered personalised websites and CVs for individual professionals.
