linkedin.com/in/roxana-higgins

Product Designer.

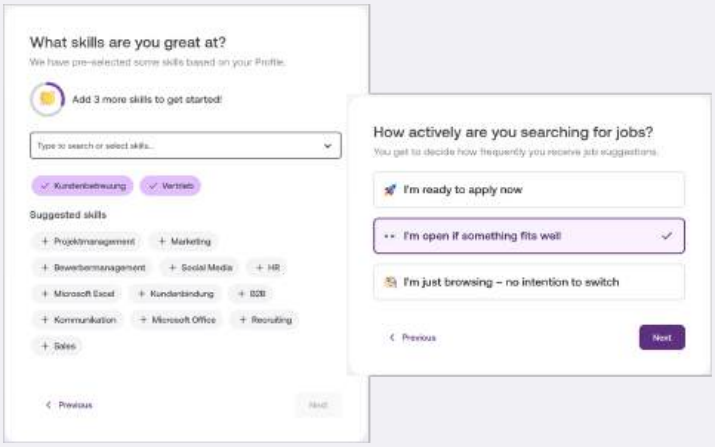

Candidate-side flows for two recruiting platforms, and a coaching product built from nothing.

WORKWISE 2022–23

Application flow & candidate profile

Rebuilt the multi-step application to cut drop-off, and launched the profile page.

INSTAFFO 2024–25

Onboarding & skills matching

Rebuilt onboarding around skills and job-search intent, tested with real users.

PURPOSEFUL SINCE 2023

Coaching product, end to end

Designed the whole journey, from onboarding to outcomes, and the exercises inside it.

Web Applications and User Flows
Interaction Design Foundation

UX Researcher.

A year contracted to Germany's national public broadcaster. This is how I run a study.

ARD
via pub.tech, 2025–26

01 · DESIGN

Turn the question into a plan

Decide what to test and which method actually answers it.

02 · RUN

Recruit and test

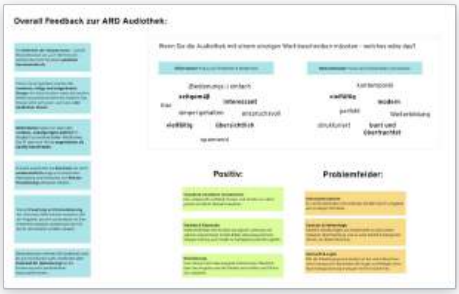

Real users and people who have never touched the product.

03 · ANALYSE

Make it digestible

Group what people said and did so the team sees the pattern.

04 · RECOMMEND

Decisions, not a report

Every finding with a specific design fix, because I recommend as a designer.

Usability testing · Screeners & recruiting · Synthesis · Stakeholder readouts

Web Designer
& No-Code Developer.

Brand, copy, design and build, all by me. Every site below is live and every client is still a client.

WELLNESS

Holistic Breathwork

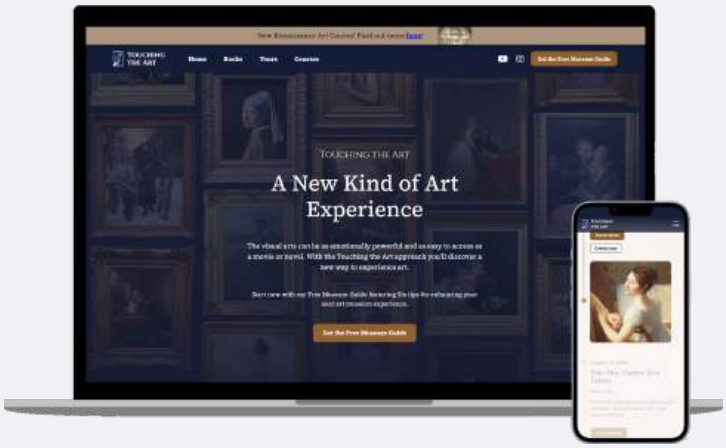

Brand and voice from scratch. A site that fills workshops and retreats, run by the studio itself.

EDUCATION

Touching The Art

Three businesses on one site. A free guide captures the email, then books, tours and courses sell.

COACHING

Nico Smat

One page, one action: a booked call. Enquiries start in WhatsApp, every step spelled out.

Webflow & CMS · Booking systems · International payments · Email automation

Roxana Higgins

Product Designer | UX Research | Web & No-Code

UX/UI Designer and UX Researcher with five years designing SaaS, recruiting and coaching products, plus Webflow delivery for live client work. Strong in usability testing, journey mapping and turning research into design decisions that improve drop-off, engagement and conversion.

EXPERIENCE

User Experience Researcher

pub.tech — Public Value Technologies

Jun 2025 – Jul 2026 | 1 year 2 months, remote, contract

- Led end-to-end usability research for the ARD Audiothek, the streaming platform of Germany's national public broadcaster: defined scope and method, wrote screeners, and recruited real listeners.
- Tested a redesigned homepage before engineering built it, then presented findings to stakeholders and product teams with a concrete design fix behind every recommendation.

Client ARD

Product Designer

Instaffo

Feb 2024 – Aug 2025 | 1 year 7 months, remote, contract

- Redesigned the onboarding and application flow of a job platform to cut drop-off, working from usability tests and session recordings.
- Rebuilt onboarding around skills and job-search intent, validating with real users and partnering with product and engineering through launch.

Product Designer

Workwise

Feb 2022 – Nov 2023 | 1 year 10 months, Karlsruhe, hybrid

- Led UX research and UI design for the candidate side of a recruiting platform, rebuilding the application flow and launching the candidate profile page.
- Ran usability testing and journey mapping to locate drop-off points, and was promoted for the impact on the candidate experience.

EXPERIENCE (CONTINUED)

UX/UI Designer & Webflow Developer
Independent
Nov 2023 – present | Berlin, remote

- Designed and built end-to-end client websites in Webflow, covering positioning, information architecture, copy structure, and launch support.
- Implemented Webflow CMS, booking and calendar systems, international payments and email automation, standardising the design-to-build workflow so the site runs without me.

Clients: **Holistic Breathwork**, **Touching The Art**, **Nico Smat**. All live, all ongoing.

Lead Designer & Co-Founder
Purposeful — career coaching product
Nov 2023 – present | remote

- Led product and UX design for a career coaching product from concept through onboarding, learning flow, and exercise design.
- Defined the end-to-end user journey and information architecture, and supported launch as co-founder across marketing site, brand system, and email design.

Web Designer
Freelance
Sep 2021 – Feb 2022 | 6 months, Heidelberg

- Designed and delivered personalised websites and portfolio CVs for individual professionals, balancing brand identity, content structure, and responsive layout.
- Supported clients through concept, build, and launch.

TESTIMONIALS

> *"Her remarkable ability to align design strategies with business objectives sets Roxana apart. Her work captivates users and drives tangible business growth, leading to increased user engagement and high NPS ratings."*
>
> **Thorsten Spraul** — Executive Leader, Product & Business Transformation, Workwise. Direct manager. LinkedIn, Oct 2023.
